Completely Updated Move-in Ready 4-Bedroom, 3-Bath Home with Full Finished Basement, Stamped Concrete Patio & 3-Car Garage!

Open and inviting home offering the perfect blend of comfort, updates, and spacious room— all set on 0.39 acres.

Fresh, spacious and completely updated, this 4-bedroom, 3-bath home offers a modern open layout, beautifully finished living spaces and considerably more room than you might expect from the exterior.

The heart of the home is the expansive open-concept kitchen, dining and living area. Rich flooring and a light, neutral palette create a warm yet contemporary feel, while the open design provides an effortless flow for everyday living and entertaining. The kitchen makes an immediate impression with extensive white cabinetry, generous counter space, stainless steel appliances and a large contrasting center island with bar seating. A wall of windows over the sink brings in abundant natural light and provides a pleasant view of the backyard.

The main-level primary suite continues the home's updated aesthetic with a spacious bedroom, walk-in closet and private bath. The bathroom features dual vanities and an impressive tiled walk-in shower with glass enclosure, pebble-style floor, built-in niche, rain showerhead and handheld shower. An additional bedroom and bath, along with convenient main-floor laundry, complete the main level.

The full finished basement dramatically expands the living space. A large open recreation/family room provides plenty of flexibility for a second gathering area, media space, games, hobbies or entertaining. Two additional bedrooms and a full bath make the lower level exceptionally functional while maintaining the same clean, updated finishes found throughout the home.

A 3-car attached garage provides excellent parking and storage, while the home's updated exterior, covered front entry and mature trees complete the package. Outside, the property offers another standout feature—a large stamped-concrete patio accented by decorative stone landscaping and a built-in firepit. The patio opens to an expansive backyard with plenty of green space for outdoor enjoyment. This property offers a rare combination of space, completed updates & great location close to town!
