Year Renovated	2026

A LITTLE CLASSIC. A LOT OF FRESH. - At 8437 Albert Drive in Wadesville, this single-story brick ranch has been thoughtfully refreshed from the roof down-new roof, gutters, soffit, fascia, windows, water heater, and bladder tank-plus a fully updated interior that feels clean and inviting the moment you walk through the door. New wood-look flooring runs throughout, paired with neutral walls and white trim. The kitchen features new light-wood cabinetry, countertops, and appliances, anchored by a peninsula that creates easy seating right next to the dining area. The patio door opens wide from the dining space onto an open patio, so everyday meals can spill outside whenever the weather cooperates. Both bathrooms have been completely redone. The primary suite includes its own en-suite shower bath and generous closet space, while the second full bath offers a practical tub/shower combo. Outside you'll find roughly 0.38 acres and an attached oversized 2-car garage (about 20' x 27') that gives you real storage and parking room. You're minutes from Evansville and just down the road from South Terrace School-close enough for convenience, far enough to enjoy a calmer neighborhood pace. This is the kind of home that lets you skip the renovation list and go straight to the fun part: unpacking and settling in. Come take a look at 8437 Albert Drive and see how ready it is for its next chapter.
